Blue Stone Therapy Earns 2024 Great Place To Work Certification™

Urbandale, Iowa — Blue Stone Therapy is proud to be Certified™ by Great Place To Work® for the 3rd year in a row. The prestigious award is based entirely on what current employees say about their experience working at Blue Stone Therapy. This year, 81% of employees said it's a great place To Work – 24 points higher than the average U.S. company.

Great Place To Work® is the global authority on workplace culture, employee experience, and the leadership behaviors proven to deliver market-leading revenue, employee retention and increased innovation.

“We couldn’t be more thrilled to be voted a Great Place to Work once again by our therapists and home office team,” said Doug Johnson, Founder, and CEO. “What’s truly impressive is how our tenured therapists live our culture and help acclimate new therapists to our organization. We feel that to be a great place to work, we need to provide great support for our partners and therapists. That’s why we’ve added additional regional leadership and office staff over the last year to deliver quality therapy services and amazing culture.”

"Great Place To Work Certification is a highly coveted achievement that requires consistent and intentional dedication to the overall employee experience," says Sarah Lewis-Kulin, the Vice President of Global Recognition at Great Place To Work. She emphasizes that Certification is the sole official recognition earned by the real-time feedback of employees regarding their company culture. “By successfully earning this recognition, it is evident that Blue Stone Therapy stands out as one of the top companies to work for, providing a great workplace environment for its employees."

“I believe that if the people that work with you are happy, they are more invested and able to provide excellent care to our seniors,” says Kayla Phillips, Regional Director of Operations, “I came to Blue Stone because I was looking for a company that had a vision of growth and excellence in the field of geriatric rehab. Also, a company who values the quality of work and who puts their employees first.”

According to [Great Place To Work research](#), job seekers are 4.5 times more likely to find a great boss at a Certified great workplace. Additionally, employees at Certified workplaces are 93% more likely to look forward to coming to work, and are twice as likely to be paid fairly, earn a fair share of the company's profits and have a fair chance at promotion.
